Please provide the permanent professor not guest faculty.

Fheret

Focus on practical should be more...

There is a need for general improvement in each subject for the respective study.

I think that a big liabery should available in the college because students can learn all the book in a liabery with silence.

There's no unit 5 mentioned in the syllabus but we got questions under unit 5 so make that clear.

Good syllabus

Thanks for giving this opportunity and the overall syllabus is good but I felt like the syllabus should have more helpful contents and one subject particularly related to entrepreneurship in the field of Microbiological sciences. one more thing is the need to improve or upgrade the govt. Colleges for worthful quality education in this term we faced the problem to get joining the training/internship in the company/Plants/Research centres so the university should have to do more MOUs with institutes and Research centres. Thank you

Add application and uses and entrepreneurship skills based on this field

Msc 4th sem

Kindly make sure that the teachers should also be aware of syllabus....if they are not then how can a student be familiar with that syllabus

in completed

Practical tarike se padana

No improvement need

B.a. 3year

Provide also a english medium book in a library.

## Suggestions for the improvement of curriculum:-

61 responses

No

.

None

No

Enough

सैद्धांतिक शिक्षा के साथ व्यवहारिक शिक्षा पर बल दिया जाना चाहिए।

For for the improvement of student internship must be include in syllabus

at a time only one system implement semester or annual

Training programs should be enhanced and workshops like hands on training should be organized.

Laboratory should be well equipped and according to Biosefty regulation Level 1.

1 Workshops on hands- on training should be conducted

2 BSL-1 type laboratory should be provided to students

Ok

Nice

Nil

Should be more contemporary and local need based

Practical application of theoretical knowledge should be included

It's perfect

व्यावहारिक ज्ञान हेतु विशेष प्रयास के द्वारा विद्यार्थी के ज्ञान तथा सामाजिक सरोकार द्वारा साहित्य के मूल्य एवं नैतिक की स्थापना

Curriculum is good

Curriculum should be updated according to current scientific development and more practical based learning should be included.

No improvements

We get less time to fulfill the needs

New concept main include for more employability opportunities.

Can give more internet facility such as e.-notes to students

NIL

More activities that impart good behavioural skills

Yes

## Suggestions for the improvement of curriculum:-

14 responses

No

Nahi

There is need of a well equipped library for students.

The curriculum is good and new works are introduced. The only thing is that the focus should be laid on the ages of literature as well and it's background too because it will build the basic understanding.

It's good.

To make the curriculum more skillful, with the wide range of specialization through practical studies, not to be stuck with classic practices.

Syllabus should be read in relation to daily life

I have no idea.

Suggested for the teachers

No improvement always best

Good

Skill oriented topics must be included and adequate resources must be provided.

Less skill to explain to the teacher. Because of this, children do not understand.

# INTERNAL QUALITY ASSURANCE CELL

Government Arts and Science College,  
Ratlam (M.P.) 457001

## Valuable suggestions obtained through feedback (Session 2021-22)

### Important suggestions by students

1. Syllabus should be job oriented.
2. Syllabus should include necessary skills for employability.
3. Library facility should be improved.

### Important suggestions by alumni

1. Skill oriented topics must be included and adequate resources must be provided.
2. Important suggestions by Employers.
3. More emphasis should be given to practical knowledge.

### Important suggestions by teachers

1. Curriculum should be updated according to current scientific development and more practical based learning should be included.
2. Should be more contemporary and local need based.
3. Practical application of theoretical knowledge should be included.
4. The curriculum should support higher study in any country.
5. The exam pattern for all classes should be either annual or semester.

Dr. Bhavana Deshpande

Coordinator IQAC

## **Action taken report against “feedback on curriculum” received from students, teachers, employers and alumni in session 2021-22**

Based on feedback analysis and important suggestions obtained from different stake holders IQAC recommendations are as follows:

Being affiliated college to Vikram University, Ujjain, Govt. Arts and Science College, Ratlam follows the designated syllabus of university for PG programmes and designated syllabus of central board of studies for UG programmes. Some of the teachers of our institution are member of board of studies, Vikram University, Ujjain and Central Board of studies, Bhopal. These teachers participate in the process of curriculum development, review and revision. So suggestions are conveyed to these teachers who are in position of authority to forward them.

IQAC recommends inclusion of more value added courses from next session to enhance essential skills to increase the employability quotient and equipping the students with necessary skills to succeed in life.

IQAC forwarded these recommendations towards head of the departments and academic staff members for further action.

The existing library building is declared condemned by the local administration. The new library building plan is proposed. Some alternative arrangements are made by the college.

IQAC recommends augmentation in alternative arrangements for library facility.

IQAC forwarded this recommendation to administrative body of the college for further action.

Dr. Bhavana Deshpande  
Coordinator IQAC

Dr. Sanjay Wate  
Principal
