Excellent

Ok

No suggestions

Yes

Nothing

no

Nil

No.

Access to Library should be provided. Scholarship based on category must be stopped.

good

All good and teaching style is better

Best study college

पाठ्यक्रम को विकसित करने के अलावा , शिक्षक पाठ्यक्रम के विकास के निस्कृषो को निष्पादित करने में मदद कर सकते है।

It's good

There is need of more books in the library.

Very good

No improvement....syllabus is excellent for students.

There is all perfect no need to improve

Increase student engagement.

No all very good

Everything is good

No suggestion

No, I'm satisfied.

Nothing, every teacher is very good.

Add some new things

More practical

कुछ भी नहीं

Stationery problem

Need more improvement in syllabus keep language easy chapter easy easily we gain knowledge

ओर अच्छे से करें!

The course is very good, it would be good if you add more good things to it.

No improvement or no needs any present syllabus

Complite

Updation

Better expalnation by teachers

Keep the syllabus flexible

More better

Good 👍

It must be more depend on moral values. Thank you

Na

Lectures could've have been conducted better.

The syllabus is good preparation

Need to improvement

Teachers Should be more responsible towards their Teaching

.

Yes,

YES

Improvement needed in terms of books availability and teaching process as well as fairness in conduct of business

yoar raighat

Very nice syllabus no need to change

Study kitabi Gyan nhi hona chahiye balki jo jruri hai real life me vesa hona chahiye

Study kitabi Gyan nhi hona chahiye Balki jo jruri hai real life me vesa hona chahiye

Complete

Syllabus uncomplete syllabus ki 1-2 manth checking hoy...???

According to syllabus some changes need to improve syllabus

Don't give me any suggestion.

नहीं

Remove dissertation program n writing thesis part then m.sc will be enjoyable....

Teachers are supportive

--

Syllabus will be based on moral values

Everything is good and satisfactory.

No suggestion

The quality of education is good but there is a need to improve the infrastructure and facilities in the campus.

कक्षा के पठन-पाठन का परिवेश यदि रुचिकर बनाना है छोटे छोटे समूहों में शिक्षण देना होगा यानी कक्षा के आकार को छोटा करना होगा। इसके लिए योग्य और अधिक शिक्षकों की आवश्यकता होगी जो न केवल बच्चों की मनः स्थिति को समझने में सक्षम हो, अपितु वे उसी के अनुरूप पाठ्यचर्या को लागू भी कर सकें।

Improve

Rajesh

No need to change syllabus . By this syllabus students can learn more and applying the

concept of learning in the future education.

Please provide daily lectures

None

All the quality mentioned in questions above should be maintained.

The stuff should be polite some of them are very rude and treat students like crap some of them thinks they are superior than everyone

Include curriculum activity in syllabus and provide library corner for students for read

It's fine ans fair

There is no need to change the syllabus.

satisfactory treatment is provided

No comment

Syllabus was good and complete in itself.

no suggestion

*

General knowledge ka topic ho

Improve practical practice for better handling

Best

Better than next time

Suggestions for the improvement of curriculum:-

59 responses

No

.

Nil

Curriculum should be more career oriented.

.

nil

Should be equipped with latest books and softwares.

Curriculum should be interconnected by years.

Nothing

Some demo presentation classes required for newly admitted students .

Period of admission & University exam must be shortened and rigid.

Syllabus should be more career oriented

Nice

Dr dilip singh Panwar

Very important

Practical knowledge must be more important and should be compulsory for students.

Laboratories must be upgraded to biosafety levels

Curriculum be based on practical knowledge

Ok

More use of websites

No any suggestions

Library should be upgraded to meet the requirements of students in Hindi as well as in English medium.

It should be flexible

Measures should be taken to enhance the practical knowledge.

सिलेबस में बहुत सुधार की आवश्यकता है। हिंदी का सिलेबस बिल्कुल भी भविष्य निर्माण के अनुरूप नहीं है। आज की आवश्यकता को देखते हुए सिलेबस में कई चीजें नहीं हैं। नहीं पुराने सिलेबस की तरह पूर्ण ज्ञान को समाहित

Suggestions for the improvement of the curriculum:-

33 responses

No

no

Nil

Use it for Students well study Future

I spent a very important part of my life at Govt. Arts and science college. It was at this institute only where I met some of the best professors which made me today who I am. But still I feel it took a lot more than what was in my curriculum. I have experienced that our curriculum is not very much in sync with the current demands of industry and competitive exams and the pattern of assessment is not something which sparks critical thinking in students. I believe if we try to align our assessment pattern with the demand of current scenario, it would benefit students a lot.

There should be regular upgradation in the curriculum and subjects must include topics based on current research going on.

It is best

The curriculum should have enough books available. We should also have professors with enough knowledge of the subjects who come from literary backgrounds. In the last semester we had a sudden change where professors working in non literary places had occupied the seat of teaching and it was a mess. One professor would talk about random things such as harmful effects of chocolate instead of deep reading a Girish Kannad play!!! They would simply pass the lecture timing talking about random topics but not the actual curriculum. Our earlier professors, who taught the previous semesters were superb. Our hod Bhambhra ma'am was amazing, Meenakshi ma'am mentored us so well for NET exam and introduced us to great works of literature both from and outside the curriculum. Poonam mam brilliantly cultivated our interest in fiction and engaged us with various writing activities. But the professors who came later when I was in 4th semester, one among them was working in Pharma sector and landed on the professor's seat because of clearing the exam. He had no idea of literature and he made no effort to prepare before entering the classroom. It was a completely misguided teaching. The new professors didn't have knowledge of English and it was very unfortunate that we had to tolerate an extremely low level of professorship. The curriculum is great, we need great people to teach it.

More work needed on infrastructure , Overall my experience is good about it .

The standard of the books is in high need of improvement for bsc students

All good

Curriculum becomes good when teachers add relevance to it and knows how to teach and convey the topic to the students with effective research and teaching methods. The BA English Curriculum needs to become more inclusive as in with postcolonial texts , and inclusion of Dalit writings and contributions in literature.

Availability of books

My suggestion is that student should be given more practical knowledge about entrepreneurship so that if due to some reason they don't get job then they can become self employed.

Nothing

Feedback for every faculty (teacher) should be taken from students after completion of their session so that they freely give authentic feedback about the teachers and accordingly they should be given classes in the next session.

Non

Prioritize using new methods of teaching.

Maintain infrastructure.

Promote extra curricular activities.

Curriculum is relevant and satisfactory one ... But Everything depends on faculty.. the way they inculcate knowledge in us ... My faculty was Excellent one .. They were the True Gurus.

student's participation should be more sincere

None

For Chemistry, being applied in nature, frequent industrial tours needed for the learners to acquire knowledge about lab & plant operations. Continuous theoretical & experimental exposure to UV, IR, NMR ,Mass,GC, HPLC & AAS concepts & techniques at postgraduate level is a must.

भाषा-साहित्य के विकास की ओर ध्यान दिया जाये।

NA

It must be related to earning source not just for getting degree only.

Every work should be done by positive attitudes and proper manner

-

Ok

As per NEP if it will be more skill based it would be more helpful for the students.

All is well

9424591048

Execution of curriculum should be improved.

NIL

Capabilities and IQ needs to be improved

The performance has been good, but certain improvement are needed in the curriculum, which could have made a significant difference. The need is to enhance the standards of curriculum.

If possible it should be more accessible.

In the present scenario if it would be made as per NEP recommendation it would be beneficial.

Thanks

Skill oriented courses should be added with training facilities.

Ok

None

Action taken report against “feedback on curriculum” received from students, teachers, employers and alumni in session 2022-23.

IQAC establishes the following report of actions taken and recommendations made on feedback analysis and important suggestions obtained from different stake holders:

Issue Raised	Action taken
(1.1) The standard of curriculum should be enhanced. (1.2) The syllabus should be more career oriented. (1.3) Topics related to industrial demands and competitive exams should be included in the curriculum. (1.4) General knowledge should be included in the curriculum. (1.5) More practical parts should be included in curriculum for better understanding of the topic.	Being affiliated college to Vikram University, Ujjain, our institution follows the designated syllabus of university for PG programmes and designated syllabus of Central Board of Studies, Bhopal for UG programmes. Some of the teachers of our institution are members of Board of studies , Vikram University, Ujjain and Central Board of Studies, Bhopal. These teachers participate in the process of curriculum development, review and revision. Hence suggestions are conveyed to the concerned faculty.
(2.1) To train students for self-employment through the practical entrepreneurship should be one of the objectives. (2.2) Skill oriented courses should be added with training facility.	A supporting system for self-employment is being implemented actively in the form of Vocational and certificate courses. Career Guidance Cell also provides opportunities of training.
(3.1) Library facility should be improved. Library should be upgraded to meet the requirement of the students of Hindi medium as well as English medium. (3.2) Library should be enriched with new publications	Library facility is improved and recommendation for more books is made. As per the syllabus of NEP2020 new books have been purchased enriching the collection and to benefit the students of both the mediums IQAC recommends more augmentation in library facilities.
(4) More class room activities to improve IQ level of students should be incorporated in teaching.	Teachers have been encouraged and guided to include this perspective in the classroom teaching.
(5) Time period of admission process and University examinations should be less engaging.	The examination schedules and admission guidelines sent by the university and Higher Education Department M. P. respectively are followed.
